Letter No. 639 of 5647 dated 28th August 1906 and from 13th October 1906 respecting from the Director of Public Instruction, Rangoon.

SUBJECT.

Educational budget of the Co-ne Station of Rangoon

A new Code of Regulations for European Schools in the Co-ne Station has been submitted for the sanction of the Govt of India, who have been informed that provision will be made in the budget for 1907-1908 for ordinary maintenance grants under the new Code;

2. Primary & Lower Secondary Examinations of the Co-ne Station having been abolished, no provision was made in the budget for 1905-1906 for receipts from "Examinations" under head "XIX Education" & for expenditure under "remuneration to Examiners" under head "22-D-Education. Miscellaneous" — Chapter IX of the new Code deals with scholarships Examinations, & the Director proposed to hold three Examinations in Rangoon in June 1906 has been held in abeyance. The Director

has furnished no estimate for 1907-1908 in account of receipts & disbursements in respect of these examinations in his letter of 13th October 1906 in which additional allotments to be made in the budget are furnished with reference to the points payable under the new Code - If approved, the Director may be telegraphed for the figures in this connection -

The Examinations under previously be conducted by the Officers of the Edl Dept. & no expenditure will specially be incurred. The fees from candidates can be credited to Govt. The provision need be circled in the Budget now. There is no time to get details from the D. P. I.

The provision of Rs 1120 under "22. Examination - Inspection" same as the current year, may stand. Under "Grants-in-aid", "Scholarships & stipends" & "Miscellaneous", the sanctioned allotments for the current year which have wrongly been inserted in the Director's budget have been struck out in pencil - The estimate for grants to European schools may be put down at Rs 41,290/- in accordance with para: 3 of this office letter No. 5439 of 24th Sept: 1906.

The present provision of Rs 1800/- under "Scholarships" may be increased to Rs 1,550/- in accordance with para: 3 of the Director's letter of 13th October 1906, + the provision for stipends to teachers for being trained may be made at Rs 2700/- as desired in para: 2 of the Director's letter of 29th August 1906. As regards building & furniture grants, the provision hitherto made was Rs 11,000/- & though the amount provided has not been fully spent for the purpose, it has been found to be appropriate every time

increased expenditure under other major heads. In the current year, several provisions were made & sanctioned, but the Govt of India deducted ₹ 3,000/- as probable saving, leaving only a sum of ₹ 8000/- In the next year, the Director refers to two applications, one for a building grant of ₹ 25,000 for Baldwin Girls' School & the other for a grant of ₹ 500/- for science apparatus for Bishop Cotton's. Even if the building grant applied for by Baldwin's School be sanctioned in full, it will be paid in 3 or 4 annual instalments, leaving against the fact that expenditure under Education has been increased under grants to European schools & payment of scholarships & stipends, it is submitted that provision it may suffice to estimate ~~the expenditure~~ this under building & furniture grants at ₹ 11000/-

4- As regards ~~Boarding~~ boarding grants, please see para: 2 of the Director's letter of 13th October 1906. It seems advisable to defer granting such grant till 1908-09 by which time the Director may complete enquiries & formulate his proposals. SUBJECT.

Education Budget for 08-09.

The proposed estimate under 22 Education A. Inspection and B. Grants-in-aid are identical with those sanctioned in the current years budget and they may be allowed to stand.

22 C. Scholarships. The sanctioned allotment under this head is Rs inclusive of Rs 1807. for Native Boys in Rs 550 - the scholarships for European Boys were calculated at the following rate. viz:-

Primary -	Rs 7
Middle -	Rs 11
High	Rs 17½
Collegiate	Rs 25

But the D.P.I represented that the cost of living in Bangalore is higher than in Madras and recommended that the rate should be those prescribed in

the new Code of Regulations for European Schools.
They were accordingly approved in this Office Progs.
No 57 dy 17th August 07- The amount proposed
which is calculated at the rate given in the
Code may be accepted.
The sanctioned provision for stipends
to teachers being trained at Madras may be repeated for next year also.
22D. Miscellaneous. As regards Building and
furniture grants, the usual provision of
Rs 11000 was made and sanctioned in the
current year's budget but the Govt of India
have deducted a sum of Rs3000 as
probable savings, leaving a balance of
Rs 8000. Of this Rs2465 was paid to the
Cantonment Orphanage for the purchase of
furniture &c & for repairs and Rs2300
was reappropriated from this grant
towards the salary grant of European schools. The only balance
now available is Rs4856 which is
hardly sufficient to pay the 2nd instalment
of the Boarding grant to the Baldwins' School.
As the question of increasing this grant is
still under consideration the amount will
be entered in the Budget after this has been settled.

Boarding Grant.

The sanctioned provision under this head is Rs 5000.* But the D.P.I now recommends that it should be increased to Rs 10,000. The D.P.I was asked to forward his proposals for awarding this grant to schools in the station but they have not been received yet. In his proceedings No 502 dt 14th August 1907, it is observed that the Inspectress & Inspector of Schools have recommended ~~for~~ boarding grants at Rs 4/ each per mensem to 85 girls and 8/- each per mensem to 52 boys respectively. This will involve a total expenditure of Rs 9072 per annum and the amount proposed by the D.P.I may be accepted.

If the above proposals are approved the figures will be entered in the General Budget— except the figure for building & furniture grants which will be entered later on: ~~on this subject~~ In this connection a circular has gone to the Managers of Schools enquiring how many of their pupils are from outstations

2). Boarding Schools.

If so empowered by the Code is there any reason why we should not get our full Boarding Schools. Last year it was represented that if the provisions of the code were followed we should need a grant of some 16 000 £. for the children of the Catholic Reformatory & St Patrick's Orphanage. We were allowed 8 £ a month for each child; ~~why does the Inspector~~ by the Code, is not that so?

and I don't see why we shouldn't budget for the full amount.

Excluding the Baldwin Boys and Girls schools there are no other applications at present pending. As for Baldwin Schools the following statement shows the state of conditions.

	Amount applied for	Amount sanctioned.	Amount paid.	Amount yet to be paid
Baldwin Boys School	18,597	7,500	2,000	5,500
Do. Girls School	25,000	10,000	3,000	7,000

Further application from Baldwin Girls School. 15,500 (This is pending still for balance of above Rs 20000 A communication from the Director of Public Instruction is awaited.)

As regards rules relating to the Building grants to Schools in the Civil and Military Station please see paras 50 to 62 of the code of Regulations. Para 57 allows a grant not exceeding half of total cost.

The information about the number of pupils on the rolls in European Schools on the 1st July 1907 and those who have come from outside has been furnished by the Managers of Schools and a statement containing this information is submitted below.

According to the strength of the marginally noted Schools, the maximum amount admissible under the rules is Rs.2?,304. But the Director of Public Instruction has recommended Rs.10,000.

The aggregate of the applications of the Baldwin

Baldwin Boys and girls schools comes to Rs.43,597 out of which Rs.17,500 has been sanctioned. The authorities of the girls school have asked again for the balance of their application, and assuming that the Boys' school will also ask for the balance, there remains Rs.26,097 to be sanctioned. If to this be added Rs.12,500 which has been sanctioned and has yet to be paid the amount is Rs.38,597. To meet this we have only Rs.4854 remaining in the current year's budget, so that nearly Rs.34,000 remains over. Spread over three years this means that we should have a grant of Rs.11,000 a year (in round figures.) In addition we may provide Rs.4,000 a year to meet other applications that may come in hereafter. Or on the whole Rs.15,000 may be provided in the budget for next year. In justification of this we may state the amount of pending applications and add that about 2/3 per cent of the pupils in the European Schools come from outstations, a fact which shows that more than local needs have to be satisfied and that consequently Government help is more necessary.

As regards boarding grants the number of pupils are as follows:-

St. Patrick's Orphanage	130
Cantonment	59
Sacred Heart College (Girls)	70
Wesleyan Girls school	15
	274

This works out to a grant of Rs.26,304 but while the pupils shown against (3) and (4) seem to be all eligible for a boarding grant, some of the pupils in (1) and (2) may not be so eligible and in these schools only half the pupils may be taken into account. This means that 179 pupils must be provided for which would require a sum of Rs.17,184 (or a round sum of Rs.17,000) as against Rs.10,000 proposed

The D.P.I proposes Rs 10,000 but this does not seem enough. In his letter

From Sl. $\frac{5}{15}$ $\frac{3}{11}$ it will be seen that the premises occupied by the Baldwin Girls School were purchased for Rs 50000/- this valuation has been checked by the A.C.R.E. as regards buildings and

A.W.

and by the Collector as regards the site and their estimate was Rs 53 350 as below.

S.68, 7 509/1900 Value of buildings — Rs 37000

S.70, 7 509/1900. Value of site at Rs 2500 per acre for 6.54 acres } 16350

Rs 53350

The additional buildings for Baldwin Boys school were estimated to cost Rs 37194. This estimate has been accepted by

S.647 509/1900

S.71-00- the A.C. R.2. as correct

Therefore a grant of Rs 25,000 in the case of the former school and of Rs 18597 in the case of the latter school, as applied for, represents 50 % of the expenditure.

It is perhaps not safe to enter in the budget more than Rs 15 000 for building grants for next year. If this is found insufficient, the payments may be spread over five or more ~~years~~ years or in the budget for 1909-1910 a further increase may be made. In this way Bishop Cotton schools' requirements may be met.

SUBJECT.

Educational Budget for 1908-1909.

Please see orders at 4 on page 9 of the notes appended to serial 96-101 of file No. 509 of 1900.

In order to know pretty exactly what amount will be required for payment of Educational building and furniture grants during the year 1908-1909, a reply from the Director of Public Instruction to paras 3-5 of this office letter dated 6th January 1908 has to be awaited; as also a reply to serial No. 101 about the Science Laboratory of the Bishop Cotton's School.

Serial 99 of file 509/1900

In the budget for 1908-1909, already submitted, a provision of Rs 15000/- has been made for building and furniture grants, & having regard to the allotments, hitherto made, it is doubtful whether even this provision will be sanctioned in full. It will be seen from

Rs 8000/- in 1907-1908 + Rs 11000/- in previous year

N

from the statement marked ~~N~~ that a sum of Rs 26000/- may be required to meet the applications in addition to the provision of Rs 15000/-. If approved the Comptroller of India Treasuries may be telegraphed to add Rs 10000/- to the provision of Rs 15000/- made for building and furniture grants under 22-Education in the C.M. Station budget for 1908-1909. A portion only of the additional Rs 15000/- required for Baldwin Girls' school be paid in 1908-1909 if the supplemental grant be sanctioned.

Sdg Rs.
13-1-08

Under article 62 of the Education Code the building grant is payable in full only on the completion of the buildings. So an additional provision of Rs 10,000/- if sanctioned by the Finance Department, will more than be sufficient for the next year.

Sdg N.S.T.
13.1.08.

Registrar should note on this more fully and say what chance there is of an extra budget application being sanctioned.

Sdg F.P.R
14.1.08.

The statement at Flag N shows that we will require in all Rs 41000/- to meet all probable applications for building grants during the year 1908-1909. We have already provided for Rs 15000/- in the budget for that year and we will require Rs 26000/-

more to meet all applications fully. But as grants are usually payable only in instalments spread over 2 or 3 years, it will be sufficient if we get Rs 10000/- more than what we have already provided in the budget (viz Rs 15000/- for the next year. So it is proposed to ask the Comptroller of India Treasuries with whom our budget will now be, to add Rs 10,000/- more to the provision of Rs 15000/- already made by us. I really cannot say what chance there is of this extra provision being sanctioned, but our application for an extra grant will at any rate, go in a way to secure the provision of Rs 15000/- already made by us, which is, as it is, much larger than what has been sanctioned in recent years:

Sdg W. S. T.
14.1.08.

Resident.

The question is whether we shall wait for D.P.I's answer to serial 99 of file 509/1900. (Flag B) before applying for an extra grant. Our budget will soon go up from the Comptroller's office and it is desirable to have the supplementary applications inserted as soon as possible and the D.P.I will probably take weeks to answer. It will be necessary to make out as strong a case as possible in order to get any more than the present large

R. P. B.—4-07.—1,000

large sum we have asked for (Rs 15000/- as against Rs 8000/- last year). A further application would however strengthen our claim to that already asked for. I think we may apply for an extra Rs 10000/- for building grants and not wait for D. P. I.'s answer.

Please ~~refer to~~ telegraph to C.I.E. to the following effect:—

Since framing budget further deserving applications for building grants pending disposal have been considered, and Resident would strongly urge that Budget grant be increased if possible from Rs 15000/- to Rs 25,000/-.

Letter No. 637 dated 9th Oct. 1908

from the Director of Public Instruction, Madras

SUBJECT.

Educational Budget for 1909-10.

The Director of Public Instruction has not furnished estimates for 1909-10 on account of receipts and disbursements in respect of Primary, Middle and High School Examinations referred to in this office Proceedings No 57 dy 17th August 1907. The Director may now be asked for information on this point by wire, as the receipts will affect the Budget Estimates for 1909-10.

S. 9. f. 343/06.

2. An increased provision of Rs 50/- per mensem is made in the next year's budget towards the payment of additional grant to the Rai Bahadur Arcot Krishnaswami Mudaliar's Technical School, Bangalore. This may be accepted. In this connection it may be noted that the D.P.I. was informed that the application would be considered favourably by the Resident.

S. 34 f. 375/1895

3. The proposed expenditure under 'Grants to European Schools' is Rs 46730 against Rs 41290 in the current year's budget. The figures are apparently based on the ordinary attendance of scholars in Schools. The increased provision may be allowed to stand.

Vide Art. 37 of the Code of Regulations.

Notes—*continued.*

The total amount required under
the European schools
This head, is (Rs 11600 + 28531 =) Rs 40,131.

A sum of Rs 2000 has been set
apart for the Bishop Cotton school
from the allotment sanctioned
in the current year's Budget. The
balance which might be provided
for in the next year's Budget
amounts to Rs 38,131. But as
all applications are not likely to
be sanctioned in full & as payments
are generally spread over 2 or 3 years
in the case of large grants, we
need not provide for the whole
of this amount in the next
Budget. The D. P. I. proposes
to have a provision of Rs 35,000
entered in the Budget, for European
as well as Native schools.

During the first several years, the amounts allowed in the reconstituted Benefit-Fund not exceed Rs 11000. But the current years Benefit are asked for a grant of Rs 25,000, but the amount allowed was Rs 11,000. We have recently submitted a Memorandum (semi officially) to the Govt of U.P. regarding the inadequate consideration given to the ~~Beneficial~~ educational needs of the Christian community in the province, & it is probable that this will have some effect. Having regard to all the circumstances, we may fairly ask for Rs 25,000 & explain in memorial to the Govt the reasons for the same. The S. of S. might be giving us more, & we might possibly succeed in our case by asking for Rs 35,000 for the next year. The Govt contemplates that large grants should be paid in instalments;

S 23 4 Ri 420 / 1920 Hayward.

Notes—*continued.*

and we could probably manage with
Rs 25,000 next year.

5. The current year's allotment for
boarding grants was also referred
to in the Hon'ble Official Representative
recently made to the S. of S. Memo
D.o 4/6 Aug 1908 there pointed out that the number of
[S 23 of Feb 420/150. pupils eligible for State aid under
the Code was 230, that it would
grant admissible was Rs 22,880 &
that a provision of Rs 16,000 was
necessary to meet its needs of
the local institutions. The Director
now proposes that a sum of Rs
12,000 should be provided in the
next Budget. It is perhaps
possible to manage with Rs 12,000,
but as we have quite recently represented it would be

K. P. B.—2-08.—2,000.

Rs 16,000, we may adhere to this figure & repeal it in the proposed Budget.

Education Budget for 1910-11.

The estimated receipts under 'Examination Fee &c' is Rs 1200 against Rs 130 in the current year's budget, the figure being based on the actual amount realised during the current year.

2. The proposed grants to Native and European Schools for 1910-11 are Rs 11,920 and Rs 48,500 respectively against Rs 11,340 and Rs 46,730 in the current year's budget. The decrease in the former is due to the reduction in the amount of grant payable to certain schools under the Grant-in-aid code for Native Schools while the increase in the latter is due to the increased strength expected in some of the European Schools for next year. The

proposed charge may be allowed to stand.

3. An allotment of Rs1000 is proposed in the budget for grants to Elementary Schools in the Station. Under Rule 5 of the Grant-in-aid Code for Native Schools, the Elementary Schools are to be paid their teaching grants from or through Municipal funds. This year the Municipal Commission being unable to meet the requisite funds, grants to some of these schools have been paid from the Assigned Vide S. 2. F. 138/1909.
Fact budget. It was also ordered that fresh applications for aid these Schools should be met from the same budget by reappropriation. The Municipal Commission may not be able to meet further applications for grants to Elementary Schools received during the next financial year. A provision of Rs1000 may therefore be made in the next year's budget on this account. as proposed by the D.P.O. Pl 6/1912

A sum of Rs 4,145- has been set apart for the kitchen range, Sacred Heart College from the sanctioned allotment in the current year's budget. So the balance ~~that ought to be provided for~~ for European Schools amounts ~~to be provided for~~ The balance required for European Schools is about Rs 29,000 ~~Rs 29,764-13-4~~. Rs 3000 may probably be required for Native Schools. In all Rs ~~32,764-13-4~~ 32,000 will be needed for next year. But as all the applications are not likely to be sanctioned in full and as payments are generally spread over the 2 or 3 years in the case of large grants, we need not provide for the whole of this amount. The provision of Rs 25,000 sanctioned in the current year's budget may be repeated for next year.

Education Budget for 1911-12.

The proposed grants to Native and European Schools for 1911-12 are Rs. 11,560 and Rs. 49,820 respectively against Rs. 11,020 and Rs. 48,500 in the current year's budget. The increase of Rs 540 under Native Schools, is due on account of ~~these~~ the increased grants to three schools, while the increase under European Schools is partly due the increased strength expected in some of the European Schools during next year and partly to the provision proposed for the payment of a teaching grant to the Sacred Heart ~~College~~ Training School. The application for the latter was received in February last but it was not sanctioned for want of funds.

S. 42 J. 257/B/96.

The D.P.I was informed that the question should be renewed upon the receipt of the Sanctioned budget for 1910-11. The proposed ~~provision~~ provision maybe accepted.

2. A lump sum provision of Rs. 2000 is proposed in the budget towards the payment of grants to Elementary Schools in the Station. Under rule 50 of the Grant-in-aid Code for Native Schools, the teaching grants for these schools are payable from Municipal funds. An allotment of Rs 1000 was proposed in the budget for 1910-11 but the Comptroller did not recommend it to the Govt. of India for want of sanction. In view of the crippled finances of the Municipal Commission it may not be found possible to meet requisite funds for these schools next year and the allotment proposed may, if approved, be allowed to stand.

3. The grant for Cadet Schools is Rs 2400 against Rs 2000 in the current year's sanctioned budget, the former figure being based on the actuals of last year.

4 Building and furniture Grants.

The following applications for Grants are pending:—

	Names of Schools.	Date of application.	Amount of Grant applied for.
1	Bishop Cotton Boys School.	11.6.1910.	Rs. 8862.
2	Baldwin Girls School	21-6-1910.	Rs 3825
3.	St. Joseph's College	—	Rs. 15,000
4.	Bishop Cotton Girls' Boys' School	17-9-1910.	Rs 32,000
			Rs. 59687
	Add. the balance due to Sacred Heart College.		Rs 2500.
			Rs. 62,187

The total amount required under this head is Rs. 62187. A sum of Rs 40000 may probably be required, in addition, for native Schools. In all Rs. 66,187 or Rs 66,000 will be needed for next year. But as the applications are not likely to be sanctioned in June and as payments are generally spread over 2 or 3 years in the case of large Grants we need not provide for the whole of this amount. A provision of Rs. ~~33,000~~ 28,500 as in the current year, may, if approved, be entered in the budget.

5. The proposed allotment under

R. P. B.—3-1910.—1,000

Boarding Hind & European Schools is Rs 20000 against Rs. 18000 in the Sanctioned budget for 1910-11. The increase is due the larger number of pupils eligible for grants under the European Code of Regulations. The proposed amount may therefore stand.

6. The proposed expenditure under 'Examination Charges' is Rs 1500 against Rs. 1000 in the Sanctioned budget, the estimate being based on the Actuals of last year.

Sir,

I have the honour to reply to your letter No. 5448, dated 25th September 1906, regarding the additional allotments to be made in the Budget Estimates of the C. & M. Station of Bangalore for 1907-08 with reference to the new and increased grants payable under the Code of Regulations for European Schools.

2. Boarding grants.- Two boys' schools, viz., the Cantonment Orphanage (with 42 orphans) and St. Patrick's Orphanage (with 126 boys who do not pay fees) are together eligible for a boarding grant of Rs. 16128 per annum at Rs. 8 per mensem for each child under art. 40 of the Code. Presuming that the present strength will be maintained in these two schools, a provision of Rs. 16130 (in round numbers) will have to be made for the purpose. As regards girls' schools the Inspectress has been asked to report whether any of them are eligible for boarding grants and, if so, what amount should be provided for under the head; and on receipt of her reply a further letter on the subject will be addressed to you if necessary.

If the municipal grant of Rs. 1200 which is at present paid to the Cantonment orphanage is intended to be continued, the boarding grant payable to the institution may be diminished by that amount, and thus the amount required for the two boys' schools will be Rs. 14928. I, however, agree with the Inspector in

thinking that so large an expenditure is not necessary and that the budget provision may be fixed at a certain amount to be distributed among the schools in the station according to their needs, as has hitherto been the practice in this Presidency. As no information is available in my office as to the boarding expenses of the schools in the station, I would suggest that the managers concerned may be consulted on the subject direct and that the amounts may be fixed in the Resident's office with reference to the needs of each school.

3. Scholarships Provision may be made for payment of scholarships under the new code at the following rates:-

		Rs.
3 Primary Scholarships at	Rs. 7	252
3 Middle ,,	,, 11	396
2 High ,,	,, 17½	420
1 Collegiate ,,	,, 25	300
		1368

4. Cadet grants.- The expenditure on cadet grants this year was Rs. 792 and the provision for next year may be Rs. 800 in round numbers.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.

From

F. P. Rennie Pope, I.C.S.,

To The Director of Public Instruction,
Madras.

Sir,

I am directed to acknowledge the receipt of your letter No. 5847/6 dated the 13th October 1906, requesting the additional allowance to be made in the Educational budget of the Coorg Station of Mangalore for the year 1907-1908.

2. A sum of Rs 5000/- ~~has~~ been included in the budget for boarding grants, & the Resident considers that this amount should be more than sufficient for the needs of the year 1907-1908 which is likely to remain when sanction is given to the introduction of the new code of regulations for European schools in the Coorg Station.

(Continuation of Draft)

3. I am to request that the necessary enquiries be made with a view to the institution of regular boarding expenses of the schools referred to in paragraph 2 of your letter, & to that end the Resident may be furnished with a report as to whether the further aid according to the Code, or a proportion of it according to the needs of each school should be granted as is done in the Madras Presidency under a practice about which no information is available in this office.

Enclosures.

SIR;

I have the honour to submit herewith the Budget Estimates of the Educational Department in the Civil and Military Station, Bangalore for 1908-09.

2. Owing to the introduction of the European scholarships sanctioned in the Resident's Proc. No. 51, dated 17th August 1907 an increased provision is necessary under 'scholarships' as detailed in the margin, and I beg to recommend that the allotment may be increased to Rs. 2000.

				1820
For native schools				180
				2000

3. The current year's provision under Boarding grants is quite inadequate and the Inspector of European and Training Schools applies for a boarding grant of Rs. 6720 for the European boys' schools

in Bangalore while the Inspectress of Girls' Schools, Central Circle applies for Rs. 4080 annually for girls' schools. I recommend therefore that a provision of Rs. 10000/- be made for the purpose.

OFFICIAL INSTRUCTIONS.

State - Deferred.

R. P. B.—12-07.—500.

No 4964.

23

Bangalore,

16th September 1908.

My dear Stuart,

I find myself in doubt as to the attitude of the Government of India towards European education in the Civil and Military Station and in order to save troubling the Home Department with an official letter, which may prove to be unnecessary, or, at any rate, to ascertain the points, of which further elucidation is requisite, I venture to address you unofficially in the first place.

2. Under "22 D - Education" in the draft budget of the Civil and Military Station of Bangalore for the current year, a provision of Rs.15,000 was entered on account of "building and furniture grants," and this I subsequently asked the Comptroller to raise to Rs.25,000. Similarly, a sum of Rs.16,000 was entered for "Boarding Grants to European Schools." From the Printed copy of the sanctioned estimates received from the Comptroller, it is found that only Rs.11,000 and 5,000, respectively, have been allowed under these two heads.

3. This Residency really requires much more money for both these purposes. When the Comptroller was asked for a provision of Rs.25,000, there were pending in this office applications for building and furniture grants recommended by the Director of Public Instruction, Madras, to the extent of about Rs.41,000, and even, if the proposed allotment of Rs.25,000 had been sanctioned in full, it would have been necessary to defer until next year the payment of a good portion of the grants applied for. But with the Rs.11,000 allotted it will not be possible to meet the claims of the several local institutions in a satisfactory manner.

4. As regards the boarding grant, the number of pupils eligible for State aid under the Code was 230. The full grant admissible at Rs.8/- each per mensem was Rs.2208 but, as it was not intended that Government should, as a matter of course, pay Rs.8/- for each destitute child but only for a reasonable proportion of the number, so as to enable the Schools to accommodate more fully the numbers legitimately seeking their aid,

on a scale approved of by the Education Department, the provision was reduced to Rs.16,000 in the draft Budget. The amount allotted, in the sanctioned Budget viz., Rs.5,000 is quite inadequate to meet the needs of the local institutions in this respect.

5. The extent to which our demands have been cut down in the sanctioned estimates suggests one of two explanations: namely, either the propriety of those demands was not recognized by the Government of India, or the financial exigencies of the current year prevented Government from affording us full assistance for the present. Should the second cause be the correct explanation, I hope that we may receive more liberal treatment in future, but I must also reckon with the possibility that the needs of European education in Bangalore require to be made clearer than has yet been done.

6. You are of course aware that Bangalore has for long been one of the largest centres of European and Eurasian education in India. The Schools here meet more than the local needs inasmuch as, on account of the favourable climate of Bangalore, about 27 per cent of the Scholars come from other stations, a point which has always been held to justify the necessity for a liberal treatment of the Educational Institutions in the Assigned Tract. And it must be prominently brought to notice in justification of the large increase in the requirements of the current, over those of previous years that the introduction in 1907 of the new Code of Regulations, has encouraged a new era of activity in the European Schools here. The policy of the Code is to insist upon greater educational efficiency and to reward it with liberal pecuniary assistance. This policy has been warmly welcomed by all the Institutions, and their proposals to improve their buildings and equipment have been met by me, on the advice of the Director of Public Instruction, Madras, (my adviser on educational matters) with promises of special and building grants spread over a series of years, on a considerably larger scale than had ever before to be considered. Further, an entirely new feature in the Code is the Boarding Grant, "a

" a Special Grant of Rs.8/- per mensem for each child in addition to ordinary grants-in-aid of boarding charges to orphanages etc.," and, while, as said above, we do not profess to give such grants to "each child," the wording of the Code seemed to me to justify the Resident in promising considerable new assistance to orphanages and schools for destitute children. These promises, I am now to a large extent unable to fulfil, and before entertaining further applications from School managers for the future I should be glad to know what chance there is of my requisitions being sanctioned by the Government of India hereafter.

I trust that the view may be accepted that the sanctioning of the new Code implied the intention of the Government of of India that a more liberal educational policy should be encouraged for our European Schools in Bangalore and that the funds necessary under the Code for giving effect to that policy will not be withheld. I shall be much obliged if you will tell me whether the case is one in which doubt is entertained as to the propriety of our proposed scale of expenditure and an official exposition of my views is needed to ensure more favourable consideration of our local needs in next year's budget.

Yours sincerely,
(Sd.) S. M. Fraser.

Enclosures.

SIR,

I have the honour to submit herewith the budget estimate of the Educational Department in the Civil and Military Station, Bangalore, for 1909-1910 together with three statements furnishing details of the provision proposed. The several variations have been explained in the last column of the statement.

2. With regard to the provision for "building and furniture grants" I beg to state that the Inspector of European and Training Schools recommends ₹ 12000 for European boys' schools and the Inspectress of Girls' Schools, Central Circle, ₹ 26,530 for girls' schools as shewn in the detailed statement submitted herewith. As it is not likely that the whole of this amount will be payable during next year, I have proposed ₹ 35,000, including the provision for native schools.

3. Both the inspecting officers in charge of European

European schools report that the current year's provision for "Boarding grants" is quite inadequate. The Inspector proposes that provision should be made for 75 orphans (50 at St. Patrick's Orphanage and 25 at Cantonment Orphanage against 19 and 10 respectively at present) and the Inspectress proposes an increase of ₹ 3,000 over the amount now allotted for girls' schools. I have proposed ₹ 12,000 under this head.

4. I have also to state that the cadet grants sanctioned for European schools under the Code of Regulations for European schools have hitherto been debited to "the account between India and Madras III Miscellaneous" apparently for want of the necessary budget provision. The necessary provision has now been ~~newly~~ included in these estimates.

I have the honour to be,

S i r,

Your most obedient servant,

for Director of Public Instruction.

SIR,

With reference to your telegram of the 16th instant calling for particulars as to the receipts and charges on account of the Scholarship Examinations under the Code of Regulations for European Schools, I have the honour to state that for the Examinations held in November 1907 the receipts from fees from Bangalore candidates for the Middle School Scholarship Examinations amounted to Rs. 70/- while no fees were charged from candidates for the Primary Scholarship Examinations. The charges which Bangalore had to contribute amounted to Rs. 181/- or 1/9 of the total cost of the Examinations.

As it is proposed to hold also the High School Examinations for the first time this year, the figures for this Examination have also to be taken into account.

I beg, therefore, to propose that the receipts for all these examinations may be estimated at Rs. 130/- and the charges at Rs. 400 which is 1/10 of the total estimated

expenditure for which provision has been made in the Madras Educational Budget for the next year.

I have the honour to be,

SIR,

S.26 In continuation of my letter Ref on Cur No.6377/08 dated 17th October 1908, I have the honour to state that the estimates furnished by me on account of the Scholarship Examinations under the Code of Regulations for European Schools in Bangalore, which were based on the actuals of the last examinations, seem to have been underestimated as the actual figures for the current year taken from the list of candidates that have applied for the Examinations are as follows :-

Income	Rs. 760
Expenditure	Rs.1020

2. The latter figure is however subject to revision as it depends upon the orders of Government on the question which is now before them whether Government Officials will be allowed to accept remuneration for the work. If the actual expenditure should however exceed the amount already proposed, it may, I think, be possible to meet the excess by reappropriation from some

some other head.

SIR,

With reference to your letter No. 1297 dated 27th February 1909 and your telegram of the 23rd instant, I have the honour to state that all the grants sanctioned on behalf of the European boys' schools have been drawn by the schools concerned and that as the correspondent of the C.V.S. Sabha School has not yet purchased all the articles towards the purchase of which the grant of Rs. 60-8-0 has been sanctioned, the Inspector of Schools, Fourth Circle, has been asked to countersign the bill for Rs. 53-4-0, being the part grant for the articles purchased and for which vouchers have been submitted. The Inspectress of Girls' Schools, Central Circle, has not yet replied to a reference made to her as to the disbursement of grants to the Girls' Schools, but she has been asked to see that the grants sanctioned for all the girls' schools are drawn before the close of the current month.

ENCLOSURES.

SIR,

Pay G. Se. 39 With reference to your letter No. 324, dated 20th January 1911, calling for information regarding the disbursement of Building and Furniture grants, I have the honour to state that the institutions mentioned therein have all drawn the grants sanctioned for them with the exception of those noted below:-

1.	Sacred Heart College	Rs. 6,000
2.	St Francis Xaviers Free school	342
3.	Wesleyan Mission Tamil Girls' Boarding school, Cleveland Town	1,285
		7,627

I am asking the inspecting officers concerned to let me know why the grants sanctioned for the first two institutions have not been drawn by the Correspondents. As regards the Wesleyan Mission Tamil Girls' School, Cleveland Town, the Inspectress informs me that the building grant bill is pending countersignature in her office for want of a mortgage deed required under article 44(ii) of the Code of Regulations for European schools.

2. With regard to para 2 of your letter, I beg to state that a sum of Rs 18,073/- has been disbursed up to date

9527
